The *Better Health Conference* focuses on how healthcare providers can help patients have a more active role in their own health and healthcare. Learn from healthcare experts as they share their experiences, best practices and innovations in patient engagement. This year’s conference includes informative breakout sessions focusing on behavioral health and social determinants of health, healthcare reform, tools to engage patients and health wellness and aging.

**CONFERENCE OBJECTIVES**

— Describe why everyone should be active healthcare consumers.
— Identify how providers can help patients become active participants in their health and healthcare.
— Discuss mutually respectful shared decision-making between clinicians and patients.
